Asset Protection – Business Structuring & Restructuring, Family Trusts, Risk Management, Business Valuations, Estate Planning, Superannuation and Wealth Protection

What we're looking for:

You'll be an experienced accountant, looking to take the next step as a senior contributor or you might be an experienced accountant looking to work a little closer to home. As well as excellent verbal and written communication skills, you'll have high attention to detail, outstanding problem solving and analytical skills, with the ability to think outside the box. If you tick most of these boxes, we'd love to hear from you:

- A minimum of 4 years as an accountant in public practice
- Tertiary qualifications in accounting, business or similar
- Proven track record providing exemplary customer service
- MYOB AE experience will be highly regarded
- Completed your CPA / CA qualification or a relevant master's degree
- Enjoys being social and part of a team

What You'll Get in Return

- Competitive salary
- Exposure to a wide range of clients
- Great work culture
- Growth opportunity and career progression
